

We know from Surveys carried by UGLE, that most members seek a greater understanding of the ritual, symbolism, history and traditions of Freemasonry.

Solomon is UGLE's on-line searchable repository of over four-hundred **Nuggets, Papers, Presentations, Demonstrations & Quizzes/Q&A**, which can be used for personal study or shared in Lodge, Chapter, or a Lodge/Chapter of Instruction or Development. It is Free, open to anyone in the world, using their **computer, tablet or smart-phone**.

You simply register, and choose one, two, or all three 'entry-modules (depending on what you think suits your needs) and enrol on one or all the subject areas, then browse, search and download any material you need. If you change your mind you can add or delete modules and subject areas, or un-enrol; it's up to you.

You can register by scanning the image with your camera or copying the hyperlink shown into your search bar (NOT the URL at the top) - It will take you straight into Solomon. Then tap 'REGISTER YOUR ACCOUNT' and follow the video, 'How to register on Solomon'.

- It takes you through the 'registration-process', step-by-step; including how your registration will be confirmed, and where it will be displayed on your computer, tablet or smart-phone.
- It then goes on to show you **how you log in, where to find the three 'Entry-Modules' and how to enrol on each of the eight subject areas**. *The enrolment process exists to stop you accidentally straying into a higher degree or the Holy Royal Arch.*
